General Comments
The Quality Assurance Monitor is on site for the renewal inspection. The Quality Assurance Monitor is present during lunch and indoor play. The Quality Assurance Monitor observed the children going to play in the gymnasium. The Quality Assurance Monitor also observed the children engaging in painting, coloring, and synthetic sand. The Quality Assurance Monitor did not observe the outdoor play area, as it is the school play area. The operator is responsible for ensuring daily that the outdoor play area is maintained safe and free of hazards. The ratio is respected during the visit.
