General Comments

Licensing Staff arrived at the facility to perform a Monitoring Inspection. Upon arrival, all Educators were in the process of meeting the children at their school's dismissal. As the children arrived at the facility, personal belongings were hung up, indoor shoes were put on and hands were washed for afternoon snack. As the children finished eating, they gathered together in the gym to discuss the plan for the afternoon.

Once the Operator finished going over the plan for the afternoon, the children were divided into two separate groups. One group stayed in the large gym while the other transitioned into the secondary gym area. Both groups were observed playing active games such as soccer and X-tag. Later in the afternoon the groups switched rooms. One group transitioned into the back classroom where the children were observed playing card games, Lego and other tabletop activities.

Only positive child guidance was observed during today's Monitoring Inspection. The Educators were attentive to the needs of the children and engaged. Attendance records were being used, and the Posting Board contained all required documents.
