General Comments
<p>A variety of resources were set up within the gym including coloring sheets and markers, stamps, stickers and blank pages, balls, lego, a kitchen, and play food. Four large tables are set up for the children to sit at and have their snack. The routine was posted and followed with the children engaging in gym games with one educator and another educator sat at the table with several children coloring and having a discussion. The educators were observed in discussions about children's favorite items and activities, comparison to characters in movies/tv shows and plans for the future.</p> <p>The younger group went outside first allowing the older children time in the gym and then joined the group outside. The large outdoor playground allowed the children lots of space and independence. Educators joined in play and suggested games for play.</p>
