### General Comments

Child-to-staff ratio was more than met today. Resources were set up in the gym such as a kitchen with food items, a small playhouse and dolls, balls and hula hoops in the open gym space and an art activity on the tables. Paper and writing utensils as well as many outdoor toys were transported outside in a wagon. Snack was as noted on the menu today, waffles, strawberries, and syrup. One educator prepared snack while one educator cleaned up the art activity and the other educator took children to the washroom to use the washroom and wash their hands. Children were provided extra snack, if requested. Two children put on gloves to help with snack and each child cleaned up their own space afterwards. Educators gave children several reminders of transitions and counted the children often within the gym, heading outside, and while on the playground. Files were checked for children and new educators today and everything was complete and organized. The child profile for children is inclusive for gender and family structures.
