General Comments
<p>The younger children were eating snack when I arrived and the preschoolers were getting ready to go outside. The 2's and toddlers were eager to show me their space and their interests. Resources were easily accessible to all the children and the 2's welcomed the toddlers in for diaper changes. The centre is currently using a diaper change table with rails for the two's and toddlers. We discussed possibly providing a step for children or a pad on the floor for the children that are becoming more independent.</p> <p>All the children went outside and enjoyed the large outdoor space. Some bird feeders have been placed in the space and children were excited to share who they were feeding.</p>
