### General Comments

- Mid day visit to the establishment for an unexpected monitoring inspection
- During the visit, ratio child-to-staff is maintained and respected in a mixed age group
- During the visit, it was observed that the educator is engaged with children at their level providing support and having conversations.
- Children's indoor play area is safe and clean
- Material and equipment proposed to children in the indoor play area are easily accessible on low, open shelves. It is varied and in sufficient quantity for all children present.
- The operator facilitates children's learning by engaging in play and asking open-end questions.
- Toxic products, and cleaning supplies are locked under key and are inaccessible to children
- The operator has a valid first aid certificate
- Daily incident log is maintained, parents are advised and signs the daily log
- Incident report forms are completed and signed by the parent when in need to fill a reportable incident. The report is sent to the Department within 24hours following the incident and a copy is given to the parent.
- Incident reports are maintained in the child's file
- Only one infant naps, and she has a designated playpen which meets cribs, playpen regulations.
- All required documents are found on the parent board which is posted at the front entrance of the home.

Observations: When arriving at the center one infant was down for a nap, the other two preschool children were playing into a sensory tray, sharing, and discussing different topics with the operator.
