30(3) An operator shall maintain the indoor play area of a licensed facility to ensure the safety of the children.	30(3)	Nov 17, 2026	Nov 17, 2026
Comments: A lit candle warmers was found in the washroom; it contained melted wax. The operator immediately turned off the candle warmers upon request. Candle warmers and melted wax must always kept inaccessible to children to prevent potential burn hazards. Deficiency is now compliant			
39(1) A licensed facility shall have storage space that includes: (c) if services are provided to a child who is not toilet-trained, space for diapers, creams and wipes for the child.	39(1)(c)	Nov 17, 2026	Nov 17, 2026
Comments: Individual space must be provided for diaper changing necessities; operator correct it immediately during the visit. Deficiency is now compliant			

General Comments

-Morning visit to the establishment for an unexpected monitoring inspection
-Ratio was respected during the visit
-Diaper changing station is found in the home washroom, individual space is provided for diapers and changing necessities. During the diaper-changing routine, a changing pad covered with a non-absorbent layer is placed directly on the floor. It is separated from the food preparation and is located one meter or less from a sink and children are always supervised during diaper changing. Diaper changing procedures are posted in the washroom
-During the visit, it was observed that the operator is engaged with the children, at their level providing support and having conversations. Open-end questions are asked and guidance is given in a respectful and kind way
-No hot beverages were found during the visit, but a reminder was given to the operator that hot beverages must be kept in a sealed cup to be permitted in areas where children are present
-A first-aid kit and a telephone are available on-site, as well as during excursions outside of the daycare premises.
-While on outings, a reminder was given to the operator to have a paper list of the children's emergency contacts in case of emergency and/or in case there is no cellular service.
-Each child has an easily accessible space to store their personal belongings, which is labeled with their name and used only for the intended child.
-Toxic products, and cleaning supplies are locked under key and are inaccessible to children

General Comments
-Candle warmer in the washroom was turned off immediately by the operator upon request, warm melted wax could be a potential burn risk for children. Children's indoor play area is now safe and clean. - Material and equipment proposed to children in the indoor play area are easily accessible on low, open shelves. It is varied and in sufficient quantity for all children present. Observations: When arriving children are playing in the kitchen, they were baking desert to eat later today. They did a little coloring and had lunch; the operator confirms that she is usually going outside twice a day with the children.
