Order for Compliance	Regulation	Date to be corrected	Date corrected
44 An operator of a licensed facility shall have a first aid kit that is equipped with the contents prescribed by New Brunswick Regulation 2004-130 under the Occupational Health and Safety Act as a first aid kit that is not a personal, Type P first aid kit, and a telephone in working order (a) on the premises of the licensed facility.	44(a)	Apr 26, 2023	
Comments:			

<p>General Comments</p> <ul style="list-style-type: none"> -Visit to the learning center for an unexpected monitoring inspection -Ratio was respected during the visit -Daily routine into the center includes; Outdoor play time at least once every 4 hour block time, when the weather is permitting. Meal and snacks are served at the recognized hours and a daily rest period that meets the children's needs -Children's guidance is done in a respectful and positive way -Indoor environment provides for children a space that is safe and clean. The material is varied and in sufficient quantity for all children present, easily accessible on low, open shelves. -Toxic products, and cleaning supplies are locked and inaccessible to children -No hot beverage was found in the children's indoor and outdoor play area -There is no first-aid kit on premises, it is in the operator's vehicle. She went to get the afterschool kids and will bring the kit back into the center. A phone is accessible on site. A picture will be sent once the first-aid kit is on site. <p>Observations: When arriving at the center children were into free play, they were playing with letters and numbers. I could see on the wall documentation on their latest learning and interest. They then got into drawing and playing with Mr. Potato head.</p>
