General Comments
<p>Monitoring Inspection:</p> <p>Children and educators in the full-time preschool group and after school program engaged in outdoor play this afternoon. Positive interactions were observed between the educators and children.</p> <p>The indoor learning environment is set up with a variety of materials that respond to the children's interests. Many items have been added to the dramatic play areas including; a maple sugar stand, pancakes with toppings, a set table, a pretend garden and a chicken with a nest and eggs. Great additions to the dramatic play area!</p> <p>The play area appears to be clean, organized and well-maintained. Documentation supports the children's interests and learning.</p> <p>Recommend providing a tote of books and art materials for the school-age children to access during outdoor play.</p>
