General Comments A monitoring inspection was conducted this morning. Children were observed inside. 3's Room - Children were observed transitioning from outside play to their classroom. Children were observed washing their hands before eating their snacks. Educators stated that the children are presently interested in hockey, construction, being outside, and water play. Several forms of documentation were observed - learning stories, photos, and artwork. Attendance records were observed and accurate. Daily schedule and menu observed. Attendance records were observed and accurate. Pre-K Room - Children were observed transitioning from outside play to their classroom. Children were observed during snack. Educators stated that the children are presently interested in animals, zoos, farms, dinosaurs, and car ramps. A documentation binder was observed at the entry way of the Pre-K classroom. Attendance records were observed and accurate. School Age Room - Children were observed in their classroom, participating in a variety of activities - 3D puzzles, car ramp, coloring, drawing Pokémon, and playing board games. Several poster boards, full of pictures, were displayed around the room. Pictures showed several of the learning / play activities that the children have been doing throughout the summer. Positive child guidance techniques were observed in all classrooms – educators at children's level, educators using positive language when interacting with the children, and educators offering choices and assisting children in decision-making. Parent Board was observed and all required documentation was posted. Updated contact information for Quality Assurance Monitor has been added. Outdoor fenced in play area observed. Outdoor play area materials and equipment were varied and in sufficient quantity for all children present.
