<p>General Comments</p> <p>This was my first visit to Get Active Kids. I first joined the operator and educator on the bus to get the children from school. All regulations are being followed for transporting children.</p> <p>The centre is very spacious, bright and clean. The environment is set up so there are lots of choices for children. While this is an active program, there are also plenty of resources for children to use such as Lego, colouring materials, board games and books. All rooms are set up very thoughtfully with the children's needs and interests in mind. The operator also prioritizes his educators working as a team to run a smooth program that demonstrates both routine and flexibility.</p> <p>Both the educators and operator have a great rapport with the children and speak calmly to the children and use redirection when needed.</p>
