<p>General Comments</p> <p>The Quality Assurance Monitor is on site in the morning to conduct a monitoring inspection. The child-to-staff ratio was respected during the visit.</p> <p>The following elements were verified:</p> <ul style="list-style-type: none"> - If all required documents are posted in a visible and prominent place in the facility - Child records - Signed consent in the child's file - Medication records - Medications - Child guidance - Health - Nutrition <p>During the verification of one child's profile, the Quality Assurance Monitor observed that one of the two emergency contacts listed had an address located more than one hour away from the facility. Emergency contacts must be able to respond and arrive at the facility within a reasonable timeframe and should be located no more than one hour away from the facility in the event the child must be picked up due to an emergency, and the parents cannot be reached.</p> <p>The Quality Assurance Monitor had a discussion with the administrator regarding designation requirements. The administrator confirmed that the Quality Improvement Plan is current and that the required 10 hours of professional learning are in the process of being completed for the current renewal year.</p> <p>The Quality Assurance Monitor observed the children finishing their morning snack (lunch boxes) and then transitioning to the outdoor play area and going for a walk. The children were also observed during the transition to lunch, where they ate their lunch from their lunch boxes. Positive interactions were observed between the educators and the children throughout the visit.</p>
