Comments: A group of children was left in the yard with other groups of children and educators while the educator went inside to the bathroom with a child. The ratio was not respected. Another educator from inside came outside to make the ratio respected. Deficiency is now compliant.

General Comments
During the renewal inspection, the inspector observed the children playing freely indoors, outdoors, snack, meal and nap time. Children did start growing an indoor garden to later transition to the outdoors. Positive interaction is observed between the children and the educators.
Discussion with the administrator to change the expired insurance card in the van with the new insurance card.
