General Comments
<p>I was screened for COVID-19 upon entry of the Centre. When the children arrived, they had lunch and then went outside. The staff was kind, caring and respectful towards the children. I observed lots of positive child guidance and interaction such as gentle reminders and educators consoling children when needed. The children seem to have a good and positive relationship with their educators. The children have ample toys and materials inside and outdoors to keep them busy and to meet their interests and educational needs. Some items were missing from the first aid kit (sugar packs, blanket) , please ensure all first aid kits are replenished and meet regulation. Everything is in compliance today, I recommend for renewal.</p>
