Full-time Early Learning and Child Care Centre	12	INFANTS
ELCC Licensing Staff	**Position Title**	
Tanya Gaudet	Inspector	

Order for Compliance	Regulation	Date to be corrected	Date corrected

General Comments

Licensing staff arrived at the licensed facility to conduct the Licence Renewal Inspection. Licensing staff verified that this licence has recently changed from a school-aged licence to an all-infant licence. The newly renovated space has been equipped with developmentally appropriate infant play resources and distinct learning and play centres to support children's exploration and engagement once enrolled.

The operator advised that all infants enrolled will be 15 months of age and older, as the facility does not have a designated nap room to accommodate younger infants who require separate sleeping arrangements.

Licensing staff measured the newly renovated classrooms and confirmed that Infant Classroom #1 has sufficient floor space to accommodate 11 infant spaces, while Infant Classroom #2 has sufficient floor space to accommodate 10 infant spaces, based on the indoor space requirements outlined in the regulations. However, each classroom has been approved for six infants, as the maximum group size for infants under the current regulations is six children per classroom.

Licensing staff observed that the renovated space is appropriately furnished and arranged to support the approved infant program and verified that the indoor space requirements are met.

Licensing staff recommends this license for renewal.
