### General Comments

On the day of my visit the program was functioning very well. The classrooms look great, they have been painted and decorated and they are bright and welcoming. The ceiling tiles need replaced as necessary as do the lights. There is section in front of the 3 year old room in the door way that has broken tile that needs replaced. The change table must be attached to the table. Please attach the pasta cabinet to the wall by its anchor.

Staff allow the children to problem solve. The staff are following all covid protocols and wearing their masks while we are the Orange phase.
