General Comments

On the day of my visit everyone was playing outside to enjoy the morning coolness. They have a really well set up, attractive outside play area with a gate and one classroom was using it. The other class was on the side play area using a sprinkler and enjoying the variety of play opportunities available such as the climber, gaga pits or corrals and the grassy area. Everyone took out books, art supplies and indoor toys to be used outside.

The classrooms look really good, they are organized, clean, child appropriate aesthetically pleasing. The Educators really understand the programming and the environment acting as the third teacher. Their learning stories demonstrate strong connections to the curriculum and the atmosphere is calm, kind and respectful and the interactions between the children and Educators are very patient and loving.
