General Comments
<p>On the day of my visit there were no compliances. The afterschool program is not yet at full capacity and today only 14 children were present. They plan to have 3 bubbles in the coming school year. The children today were very content and their teachers were very kind and engaged with the children.</p> <p>The classrooms are lovely and there are lots of materials to allow the children to follow their interests. All Covid-19 protocols are being followed. All administrative tasks are very well done and well organized.</p>
