Comments: Deficiency is now compliant			

General Comments
<p>-Visit to the center to complete a monitoring inspection.</p> <p>-Ratio was respected during the visit.</p> <p>-Large boxes were stacked in the 0-23 months room, one of the boxes was emptied and more material was added for the children to play with the other two boxes were stored else where. Recommended moving things around to create a more inviting space, ideas were brought to the administrator.</p> <p>-Ropes that were in the outdoor and indoor space were removed.</p> <p>-The baby's sleeping room needs to be clutter free; nothing can be stored around and in front of the beds.</p> <p>-During the visit I did see, documentation on walls in every room. In the 2-year-old room zones are more defined and material is adapted and welcoming.</p>
