Comments: The afterschool children assigned to this licence are currently using the preschool outdoor playground that belongs to a different licence. Their assigned playground is currently under construction. As per Regulation, the Department must be made aware of any changes to a previously approved space. Today the inspection of the outdoor play space was not completed, therefore, a condition will be indicated on your licence that the playground must be inspected before being used by the children. Please submit a change in service form by June 28, 2021, to your Quality Assurance Monitor for processing.			

General Comments
<p>When the children arrived, they went immediately into the outdoor playground. They are currently using the preschool playground located in the parking lot, because their playground is under renovation. The children played with large outdoor blocks, plasma cars and the climbing structures. The children then went inside around 3:00 pm for snack and indoor play. Today the children chose the activity of their choice. Some played with blocks and legos while others did arts and crafts.</p> <p>I observed lots of positive child guidance such as gentle reminders and encouragements. The staff are engaged with the children and have a good balance between providing them with independence and engaging in play with them.</p> <p>Lots of laughter around the centre, the children seem happy and well established in their routine.</p> <p>The centre is clean and well organized. The children have an abundance of toys and materials to meet their educational needs and interests.</p> <p>I recommend for renewal.</p>
