General Comments
<p>Observed an abundance of positive child guidance during today's visit. Observed educators interacting with the children. When certain children got upset, educators took the time to sit with them ,talk about what was making them upset, what they can do about it, or just simply hung out and read a book with them.</p> <p>There is a field trip planned this afternoon (weather permitting) to Wilmot Park.</p> <p>There are storage closets in the hall, one that contains toxic products, please be sure that the storage closet door that contains toxic products is always locked as it is just outside of the washrooms that the children use. Should the other storage closets contain items that are unsafe for the children, it will be required to be locked as well.</p>
