General Comments

Monitoring Inspection:

Children and educators observed engaged in a variety of activities this morning including outdoor play, open-ended art, dramatic play, sensory opportunities and building with Magnatiles. Each indoor play area is set-up with variety of materials on low open shelving that allow children to explore freely.

Purposeful planning is evident through documentation on planning sheets, invitations and materials added to the environments to support the children's current interests (construction, vehicles, dumping, shopping, apples and colors). The learning stories that are displayed throughout each room have not been updated since June/July 2025. Documentation displayed is to reflect current interests and learning experiences.

The infants were observed returning from their neighborhood walk and transitioning to lunch and nap time. One educator was observed rocking an infant and feeding them their bottle and the other educator was observed assisting the rest with their lunches.

One toilet is missing a toilet seat in the washroom between the twos and two/threes rooms. Toilet seat is to be replaced.

Meatballs, mashed potatoes, mixed vegetables and milk were served for lunch.
Handwashing routines were observed during washroom routines and before mealtimes.
Monthly fire drills are documented.

Daily attendance records are accurate and reflect all children present. Child-to-staff ratio was observed to be met during Monitoring Inspection.

New staff file (4) review was completed, all required documents are in place.
