Comments: In 12 files audited, one is missing the name, address and telephone number of at least two individuals authorized by the child's parent or guardian to up the child and to be contacted in case of an emergency if the parent or guardian cannot be reached. The Quality Assurance Monitor reminded the administrator that all child records must contain the name, address, and telephone number of at least 2 emergency contacts.			

<p>General Comments</p> <p>The Quality Assurance Monitor conducted an on-site monitoring inspection. Child-to-staff ratios were maintained throughout the visit.</p> <p>During the inspection, the Quality Assurance Monitor verified the following:</p> <ul style="list-style-type: none"> -Signed consent forms in each child's file -Daily activities were documented <p>While on-site, the Quality Assurance Monitor observed children engaging in free play indoors.</p> <p>A discussion took place between the operator and Quality Assurance Monitor regarding the consent forms in the children's files. The Quality Assurance Monitor noted that many of the consent forms still referenced the name of the previous daycare center, as several children had transferred from another Wee College location to Wee College Bessborough. The Quality Assurance Monitor suggested updating these forms to reflect Wee College Bessborough. The operator agreed to make the necessary changes and stated that, moving forward, the corporation's name would be included on all consent forms.</p>
