

## **Early Learning and Childcare Facility Inspection Report**

Type of Inspection: Monitoring Inspection

Pursuant to section 21 of the *Early Childhood Services Act*, operators of licensed early learning and childcare facilities must post their most recent inspection report in a clearly visible and prominent place in the facility.

General Comments  Licensing Staff arrived at the Facility to perform a Monitoring Inspection. Upon arrival the children were in the process of finishing lunch. Once all children had finished eating, tables and floors were cleaned and an Educator set out tabletop activities. The children were observed building a snowman with different craft materials, making bracelets with looms and coloring.  Today the children were practicing a poem and a Christmas song for their upcoming Gala. The Educator to small group in a separate room to practice while the others freely explored the classrooms. Small groups of children were seen playing Marble Run, building with Lego and playing dress-up. Once all the children had practiced the poem, the Educator gathered the children to clean up and get ready for outside. The children

Once all the children had practiced the poem, the Educator gathered the children to clean up and get ready for outside. The children encouraged to use the washroom, fill their water bottles, and bring their lunch boxes for an outdoor picnic. A final headcount was observed before the group left the building.  Child files and staff files were reviewed. Both were organized, easily accessible and included all required documents. A discussion was had on site about the importance of knowing how many children are in attendance. Upon arrival the Educator was unsure how many children were present and had to update the attendance record. Only positive child guidance was observed during today's visit.
