<p>General Comments</p> <p>Visit to complete the renewal inspection today.</p> <p>The facility is operating with 2 bubble groups and the indoor learning environment is separated to ensure that each group maintains a distance of at least 6 feet apart. The staff have a well established routine in terms of space and the children are observed to be very familiar with the boundaries and expectations.</p> <p>Educators participated in the inspection process today by providing requested information based on operations (routine, cleaning, required documents). Documented evidence of the children's learning is visible through stories, photos, art creations, and drawings.</p> <p>The children engaged in indoor and outdoor play today. The children were given the opportunity to work at dressing themselves in their outdoor gear to the best of their ability. This enhances a sense of well-being for children as they undertake self-care practices. Educators were observed to be lowered to the children's level meanwhile interacting in a kind, respectful manner.</p> <p>The children's learning environments are clean and rich in variety of materials for them to explore and experience.</p>
