### General Comments

When I arrived, the children were washing their hands and getting ready for snack time. Nouhad prepared snack and the children ate. Snack today was grapes and english muffin with jam. After each child was done eating they washed their hands with Nouhad's help.

After snack, Nouhad made homemade play-doh for each child. When they were done playing, the play-doh was thrown away due to covid-19 regulations.

After play-doh the children did some learning games.

I observed lots of positive interaction between Nouhad and the children including gentle reminders and encouragements. The children seem happy and well adjusted.

The home is clean, and I observed Nouhad doing lots of cleaning and disinfecting.

Toxic products are locked, however, must be locked by key. Please add a key lock to your cabinet.

I recommend for licensing.
