General Comments

Inspector is onsite to complete the renewal inspection and observes the children eating lunch and nap time. When the children woke from their naps, activities were planned for the afternoon prior to outdoor play. Educators collaborated with the children to create a floor book inspired by a story book about skating. On a large sheet of paper, the children freely explored and expressed different skating line patterns, showcasing their creativity and individuality. Meanwhile, another group engaged in an activity focused on emotions, using various shapes, colors, and illustrated jars to represent different feelings.

The ratio is respected during the renewal inspection.
