There was a water area set up and some children were painting at the tables.</p> <p>Educators were observed nurturing and comforting a couple new infant children that seemed to be having a hard time adjusting.</p> <p>There are communication boards in each room that the children and educators can share what they did on the weekend.</p> <p>The center has soft lighting and natural colors which gives the center and relaxing and calming feeling.</p> <p>The facility is following the proper procedures for administrating of medication as the documents were noted in two classrooms today.</p>
