General Comments
<p>Children were not present at time of follow up inspection as they were still in school.</p> <p>Broken lock on door has been fixed. The second classroom has been cleaned up and is now safe and useable for the children if need be.</p> <p>It is recommended that the door be locked when upstairs rooms are unoccupied for the safety and security of the children who attend the licence downstairs to ensure no unknown persons enter the facility.</p> <p>Please ensure that children are properly supervised when going to put things/get things out of the cubbies.</p> <p>Please ensure that floors are swept and moped at the end of each day, as they were soiled at time of visit this morning.</p> <p>A reminder that Tree of Friends II (2017086) and Tree of Friends I (2015698) are two separate licences and must operate as though. Both licences cannot occupy the same outside play space at the same time, which is why each licence has their own designated/licenced outside play space. The same goes for room utilization; school aged children must only use their approved licenced space, which is located upstairs (licence 2017086). While infants and preschool children must only use their approved licenced spaces on the main floor (licence 2015698).</p>
