Order for Compliance	Regulation	Date to be corrected	Date corrected
24(1) For the purposes of subsection 20(1) of the Act, the following records and documents shall be maintained on the premises of a licensed facility: (f) daily attendance records of the children on forms provided by the Minister.	24(1)(f)	May 20, 2022	
Comments: Observed that on some days this week Educators did not detail the reason for absence on the attendance records. Reason for absence must be recorded to facilitate contact tracing in case of communicable disease. The wrong licence number is recorded on the attendance records for this facility. Attendance records must be accurate therefore Operator must correct the licence number on the current records, and previous weeks' records if applicable.			
38(2) An operator of a licensed facility shall supervise a child while the child is using the washroom if the washrooms are not used exclusively by the children, the operator and staff members at the licensed facility.	38(2)	May 19, 2022	
Comments: When children arrive from school they are, at times, unsupervised when they go to the washroom to wash hands. During the inspection there were other dancers present in another studio in the same hallway as the washrooms and childcare space. Staff must supervise the children when they go to the washroom whenever members of other programs are present.			

General Comments
During the monitoring inspection the QA Monitor observed snack time, free play, dance and music. The weekly schedule also indicates instruction in ballet and theater classes after free time. Staff were observed being attentive to children's needs, bending to their level to establish eye contact when speaking with them.
