General Comments
<p>Monitoring visit performed.</p> <p>Covid guidelines are being followed, daily log sheets completed and essential visitors are screened.</p> <p>Programming is purposefully planned. Educators are engaged with the children. They have been observed reading to the children, interacting, asking questions, participating and extending children's learning in the classroom and assisting with dressing. Children were observed playing cooperatively in groups or with another friend. Lots of programming posted and lots of activities available for children to choose to play and learn. All the classes will be learning about planting seeds to grow vegetables and then when the weather warms they will move the seedlings to the greenhouse. I recall last year during my visit, the children love participating in this activity and enjoy eating the food they grow.</p> <p>I reviewed administrative records during my visit and attendance, toddler info sheets, fire drills, outdoor check lists are being tracked on a monthly basis. Parents are made of aware of any incidents that occur by signing off on the reports.</p> <p>Children were observed in outdoor play during my visit.</p>
