General Comments

A renewal inspection occurred today, May 26, 2025.
School-age children were observed by the Inspector arriving from school, having snack, reading books, drawing, playing dramatic play(kitchen), creating piñatas, playing games in the gym, outside on the school playground, field and playing in the wooded area adjacent to the school where the children have created a fort. Interest centers were set up in the rooms prior to the arrival of the children and the children easily transitioned from school to the school-age program.
All staff files were reviewed and verified complete. A random review of children's files occurred and were verified complete.
Facility is recommended for license renewal.
