During the inspection, both indoor and outdoor free play activities are observed. In one classroom, children were engaged in dancing and singing, while in another, drawing activities were taking place. The inspector also observed lunch time, rest period, and afternoon snack time. A discussion is held with the administrator to clarify that eligible educators must complete the required 10 hours of professional development prior to the permit expiration date of November 30, 2025. Another discussion addressed the importance of ensuring that all staff files are complete, with no missing information or certificates. Ratios are respected throughout the inspection.
