Address 87 Main Street Fredericton NB E3A 1C2			
Name of Early Learning and Childcare Licensing Staff Mélika Belliveau		Position Title Quality Assurance Monitor	
Order for Compliance	Regulation	Date to be corrected	Date corrected

<p>General Comments</p> <p>Upon arriving at the facility, the children were still in school. During this time, licensing staff verified child files and staff files. All child profiles and staff files were found to be complete.</p> <p>Around 2:30pm, the educators left the facility to go pick up the children at the school. The educators were observed bringing their first aid bags and their attendance sheets. Daily attendance was taken and the educators returned to the facility. The children entered the facility to drop off their school bags in their properly labelled cubies and to fill up their water bottles. After filling up water bottles, the children headed outside to play. While outside, the children were observed putting some sunscreen on.</p> <p>While outside, some children played on the play structure while others played with rocks, twigs and buckets to create "mud cakes". The educators were engaged in the children's activities and their needs at all times. When asked to go inside to use the washroom and fill up their water bottles, the educator agreed and asked all of the children to go inside as there was only one educator at this time. The children agreed and they all went inside with the educator. One group of children asked to draw while outside and the educators were observed gathering drawing materials to bring outside. One educator set out some pot and seeds so the children could plant some flowers and lettuce for the group. While some children engaged in the planting activity, others chose to continue free play activities.</p> <p>The educators were attentive to the children's need at all times; the indoor environment was clean and well organized, and the parent information board had all of the necessary information posted.</p>
