General Comments Licensing staff visited the facility to conduct a monitoring visit. The afterschool summer program was having their snack outside in their outdoor play area. There were 3 picnic tables, comfy outdoor chairs and lots of shade. Everyone was wearing hats, using sunscreen and drinking water from their water bottles to stay hydrated. Staff were playing games with smaller groups of children such as jack pot and basketball and other children were playing on the slide, climber, in the pea gravel with containers and on the cars and chairs on springs. This week's theme is Hollywood Stars and they are having a talent show tomorrow. They went inside to practice and make posters for it after free play. They went to the Wilmot splash pad this week and they all wore green pennies to identify what group they were part of. The first aid kits and attendance were outside with the children. Next week the theme is Art, and the children are going to Officer Square for an outdoor art lesson. The inside play area has an abundance of materials, and the classrooms are bright and clean. Staff files and ten child files were verified and found to be up to date. Cleaning check lists, first aid check lists, outdoor maintenance checks, fire drills and incident logs were verified and complete. Staff were kind and patient with the children and engaged in conversation and played games with them. Thier child guidance were pro-active and appropriate.
