<p>General Comments</p> <p>This facility appears to be running very effectively. The environment is calm and educators are very attentive to the children's needs. Programming is evident and displayed through pictures, learning stories, artwork, and the HiMama app. The facility uses the HiMama app and keeps the parents well informed about their children's days.</p> <p>I easily verified all required documentation including checklists cleaning, nap checks, and first aid kits. . Daily information sheets are kept up to date for the infants and are filled in as the day progresses. Potential illness forms are being used, filled out properly and signed by the parents. The filing system is very organized and meticulous in nature.</p> <p>Licensing staff can recommend facility for licensing.</p>
