<p>General Comments</p> <p>Licensing Staff arrived at the Facility to perform a Monitoring Inspection. Upon arrival, all rooms were in the process of waking up from nap time. In the 2's rooms the children were observed using the bathroom and washing hands before having afternoon snack. In the 3/4 classroom the children were having a dance party and free play upon arrival. All classrooms were observed having afternoon snack. As the children finished eating, they were observed getting ready to play outside.</p> <p>The rooms are bright, clean and inviting. Each room has age-appropriate artwork on the walls and current learning stories and pictures. The rooms offer soft lighting, mirrors at the children's level and calming music being played in the background. The rooms have a lot of plants and wooden materials such as blocks, wooden discs, leaves, acorns and feathers. Each room had several invitations set for the children that matched with their pre-planned activities. In the Infant Room, the Educators had brought in flowers and leaves which they set out on the table with wooden bowls and spoons for the Infants to freely explore.</p> <p>The Educators were seen engaged with the children, giving them high -fives and offering words of encouragement and praise, "Great job using your words!". In the Infant Room, the class was observed helping the Educators put toys away before they all went to wash hands. It is evident the children are familiar with the daily routine and comfortable with the Educators. The children's belongings were labelled and tidy.</p>
