<p>General Comments</p> <p>Licensing Staff arrived at the facility to perform a Monitoring Inspection. Upon arrival, all children were engaged in activities at the tables. A variety of activities such as Valentines themed pink playdoh and heart shaped cookie cutters, bracelet making materials and watercolor painting were set up. The room was bright, clean and inviting. Artwork, learning stories and pictures of the children with their peers were displayed throughout the classroom.</p> <p>The Educator gave the children a gentle reminder that they would be cleaning up for morning snack. The children were observed putting away toys before washing their hands for morning snack. The Educator sat with the group as they ate. The children appeared to be familiar with the morning routine. As they finished eating, lunch boxes were put back in their bookbags and hands were washed. Due to the extreme weather temperature, the children stayed inside this morning. Furniture was moved to the side of the room so the children could safely engage in gross motor movements. Some children were observed dancing and hopping while others balanced and jumped on stepping stones.</p> <p>Child files were reviewed during today's visit. Files were easily accessed and contained all required documents. Only positive child guidance was observed. The Educator was attentive to their needs, offering hugs and snuggles when needed.</p>
