General Comments
Monitoring visit performed. Admin records reviewed. Educators are tracking children arrivals and departures, and infant daily records. Fire drills are being practiced and tracked monthly. Last one performed in February. Children enjoying their morning. Involved in active play opportunities (inside this AM due to weather), listening to a story, singing and dancing to music, manipulatives (play doh) etc. Lots of great soft cushions and furnishings to permit children to climb, crawl and roll about on the mats. Incident reports are documented and signed off by parents so they are aware too! Staff training requirements are met for July 2020. All staff have their ECE certificate and or the 90 hour Intro to ECE. I observed programming of children's programming posted. Children also have access to booklets with pictures of themselves. They enjoy looking at books and listening to stories. Appropriate child guidance practices observed. Educators are engaged with the children and lots of encouraging words and conversation between children and the educators. Lots of interaction observed.
