General Comments

Licensing Staff arrived at the facility to perform a Monitoring Inspection. The classroom was bright, clean and welcoming. Current learning stories and artwork were posted on the walls as you enter the facility. The children's personal belongings were labelled and organized neatly.

Upon arrival one Educator was observed changing diapers while another was observed sitting on the floor engaging with the infants. A small group of infants were observed playing with a bin of wooden blocks. They clapped, laughed and were seen smiling as they dumped the blocks out of the bin. Others were observed playing with trucks, balls and loose parts. A tunnel was brought into the classroom, and the infants took turns crawling through it.

As the class prepared for lunch, one Educator was observed changing diapers while another heated lunches and sang songs with the infants. Proper hand washing was also observed before the infants sat for lunch. The Educators were engaged and attentive to the needs of the infants while encouraging independence with feeding. Throughout today's visit only positive child guidance was observed. Educators were seen offering hugs, praise and encouraging words. Child profiles and staff files were reviewed during today's Monitoring Inspection. As a reminder, please ensure that child profiles are complete before the infant is in attendance.
