General Comments
<p>A renewal inspection occurred today.</p> <p>Observations were completed during transition times, snack/lunch, diaper changing, handwashing, nap/quiet time, indoor and outdoor play as well as when the infants were going for a walk.</p> <p>Discussed with Operator that three staff require to finish their Professional Learning hours prior to the license expiration of July 31, 2024. During the follow up, these will be verified to see if completed.</p> <p>Discussed with Operator that due the facility moving to a new location within the next 6 weeks, that the painting that would have been put as a non-compliance on the renewal inspection does not need to be completed for each room. However, if the Operator is still at their current location in September, then then Quality Assurance Monitor will follow up to ensure that painting is completed at the current location in all rooms.</p> <p>Positive interactions and conversations were observed occurring between all educators and children during the inspection.</p>
