General Comments
<p>On the day of my visit the children were enjoying some free play before snack time. The children cleaned up their area and prepared for their snack. After snack time the children got themselves ready for out door play time in the backyard. The were busying with water play and digging in the sandbox. After the outdoor play time the children left for a walk to the park.</p> <p>The center is very clean and the operator's files were in proper order. The operator has a very pleasant learning environment and engages the children with questions and conversation.</p>
