### General Comments

On the day of my visit I was properly screened upon entry. The program is on summer schedule and everyday has activities pre-planned and parents are signing off on field trips in advance. They went to the Royal Rd. park and collected sticks for sling shots. They have made catapults, invisible ink, and today was bottle rockets and insta-freeze water. They have the back area blocked off with a section for road hockey, outdoor experiments and a Gaga ball pit.

The building has seen a lot of use and it looks quite worn and shabby. The sound level is a problem and they need to continue to search for sound proofing solutions such as tapestries, soft furnishings etc. Please consult with Fire before going ahead with any solutions. The centre needs a deep cleaning of the wooden trim (ie. baseboards, doors, old woodwork etc.) and to be painted.
