General Comments
When I arrived the children were finishing up there lunch. The ones that had finished were making bracelets and playing foosball.
After everyone was finished one group went to the gym for a game of dodge ball and the other group went outside to the playground.
There has been a great deal improvement in the children and staff records since the last visit.
Advised the director she should have the weekly planned schedule printed and posted so everyone can see what is planned for the week,
Inspected some of the outdoor place. The areas around swings and slide should have some pea gravel added or raked to fill in the low spots. There is wooden structure that needs to be repaired or tore down. Educator advised me that children are not allowed to play on the structure at this time.
