General Comments

Operator is very organized and able to provide licensing staff with all documentation required to meet regulations.
Bathroom and handwashing routine was observed before children had their snacks from home. Positive behaviour guidance was observed at all times as educator redirected children and helped children with their routine. Licensing staff will provide operator with resources and support as a follow up to conversation regarding behaviours, emotional regulation and language development.
Operator continues to participate in Professional Develop and has invited Talk with Me to do some sessions within the home.
Indoor play area was well maintained, clean and bright. Children were presented with a reindeer craft kit and the operator provided help assembling the materials as needed.
Operator discussed adding a second room to her indoor play space and expressed interest in a referral to the curriculum team to help develop more defined play areas, gross motor materials and quiet spaces.
 Licensing staff can recommend home for licensing.
