General Comments
<p>Children were engaged in some free play activities while waiting for the other children to arrive. The play kitchen and barbeque were a popular area with the with the older children. The younger child was engaged in some block activities.</p> <p>Once the other children arrived the children went to the backyard to play. The children participated in a wide range of activities form the sand box, playing on the slide, and driving the little tykes cars around. The operator had brought some towel out to wipe down the play structures so the children would not get wet as it had rained a bit. The older children took to this and had an impromptu carwash activity.</p> <p>Discussed with the operator the set-up of the space. Advised the operator to remove some of the extra materials that the children were not using to free up some space in the room.</p>
