### General Comments

Monitoring visit performed.  
Covid guidelines are being followed and the operator logged me on the daily log sheet.  
Appropriate child guidance practices observed and the operator is engaged and provides assistance to children when required. She speaks to them in a caring and loving way. Children have enjoyed outdoor play this AM.  
Lots of changes observed in the outdoor play space - very inviting.  
Children bring their own lunch but the Operator continues to serve snack - peaches and oat bar.  
All children went down for a nap or quiet time during my visit.  
The Operator has completed the 90 hr intro to ECE and is meeting the requirements for regulation 11. However the Operator enrolled in the 2 year ECE program at NBCC online program this fall and is enjoying it. This is great!!
