General Comments

Monitoring inspection performed.
Covid guidelines are being followed and screening is taking place prior to entry, though upon arrival children were observed playing outside.
Operator is currently enrolled in the two year ECE program through NBCC and she will be graduating next year.
Administrative records were reviewed - attendance, fire drills, first aid and outdoor checklist. No recent incident reports though the operator documents.
Operator has a wonderful rapport and very engaged with the children and assists them when required.
Today children were playing outside and enjoying water and mud play. They had returned from a walk earlier. The outdoor play area is inviting and lot of wonderful natural areas to explore - a mud kitchen, sand play area, wood blocks, musical wall. Children are interested in bugs - spiders and worms. They are growing flowers and there is also a robin nest with babies nesting. Children participated in clean up before moving indoors for lunch. Children helped with clean up and I do love the storage idea for displaying and storing shovels and pails. However, I would recommend a different solution for hanging instead of screws. Please keep tires emptied so no standing water. Thank you.
