<p>General Comments</p> <p>When I arrived I was properly screened with the proper COVID requirements. Two children were enjoying there free play time. The 3rd child was still napping. There were loose parts set up on the table to interest the children. While I was there for the visit the educator checked on the sleeping child. The educator was very attentive to the children and used positive guidance during my visit. The information board was had all the necessary information was up to date.</p>
