| <p><b>General Comments</b></p> <p>Monitoring Inspection -- COVID 19--Recovery Phase</p> <p>A monitoring inspection was conducted today. Discussed putting a sign on the outside door that parents use to drop off their children. Parents will need to knock to drop of the child(ren) and educators can meet them at the door. If a parent/guardian enters the building they must be screened using the COVID-19 screening questionnaire guidelines.</p> <p>The infant room floor has been transformed into Treasured Beginnings Community with children and educators names as the streets. Blocks have signs laminated on them for the children to use as stop/one way signs during their play. Discussed having pictures of the children laminated on the blocks as well for their play.</p> <p>Educators were observed engaged in songs and reading to the children down at their level on the floor. The children appeared happy and content in their environment.</p> |
